

ECO Leather Collection

Our ECO Leather Collection is 100% leather. It is a great alternative to our classic leather line and a step up from Linoleum and vinyl with an economical leather price point. This new economical 100% leather has been used for the creation of our new line of desk pads, mouse pads, coasters and pull tabs with an average thickness of 3/32".

Our ECO leather mouse pad is 100% leather. It is available in black with a natural leather top finish and natural leather suede. The size of this elegant and affordable mouse pad is 8" x 10". Custom tooling and logos are available upon request.

The ECO leather desk pad is a great writing surface with a natural leather top finish and natural leather suede. As a portable easy to use leather desk pad, it may be rolled up and be placed in your bag, backpack or briefcase. These flexible and affordable desk pads are ideal for your laptop and come only in black. As a great alternative to the traditional classic desk pad, there is no metal or wood used in the creation of these unique pieces.

A 4.5" x 4.5" ECO leather drink coaster made to match our economy leather desk pads and mouse pad. This elegant and affordable 100% leather coaster comes in sets of four.

**Logo embossing and foil tooling available on mouse pads, coasters
and desk pads.**
